EXPEDITED SETTLEMENT AGREEMENT

A. JURISDICTION

1. This is an expedited administrative penalty assessment proceeding brought for alleged violations of the American Innovation and Manufacturing Act of 2020 (“AIM Act”), 42 U.S.C. § 7675, which restricts the import of hydrofluorocarbons (“HFCs”), under Section 113(d) of the Clean Air Act (“CAA”), 42 U.S.C. § 7413(d), which authorizes the United States Environmental Protection Agency (“EPA”) to bring administrative civil enforcement actions.
2. This expedited settlement agreement (“Agreement”) is entered into under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), and the Consolidated Rules of Practice Governing the Administrative Assessment of Penalties and the Revocation/Termination or Suspension of Permits, 40 C.F.R. Part 22.
3. Complainant is the United States Environmental Protection Agency. On the EPA’s behalf, Acting Director Sparsh S. Khandeshi, Air Enforcement Division, is delegated the authority to settle civil administrative penalty proceedings under Section 113(d) of the CAA.
4. Respondent is Pleasant Valley Teardrop Trailers, LLC (“Pleasant Valley”) and is a “person” as defined below and identified further in Table 1 of the Expedited Settlement Agreement (“ESA”) Attachment 1.
5. Complainant and Respondent (together, the “Parties”), having agreed that settlement of this action is in their mutual interest, consent to the issuance of the attached final order (“Final Order” or “Order”) ratifying this expedited settlement agreement before taking testimony and without adjudication of any issues of law or fact herein, and Respondent agrees to comply with the terms of this Agreement and Final Order. Furthermore, Complainant has determined, and Respondent does not dispute, that settlement of this action is in the public interest.

6. The Environmental Appeals Board is authorized to ratify this Agreement, which memorializes a settlement between Complainant and Respondent. 40 C.F.R. §§ 22.4(a)(1) and 22.18(b).
7. The ratification of the Final Order, incorporating this Agreement, simultaneously commences and concludes this proceeding. 40 C.F.R. § 22.13(b).

B. GOVERNING LAW

8. This proceeding arises under the AIM Act, 42 U.S.C. § 7675, and Section 113 of the CAA, 42 U.S.C. § 7413, and the regulations promulgated thereunder, which impose limits on HFC production and consumption.
9. The EPA is authorized to enforce the AIM Act and any regulation promulgated thereunder utilizing the federal enforcement authorities established by Section 113 of the CAA, 42 U.S.C. § 7675(k)(1)(C). Section 113 of the CAA authorizes the Administrator of the EPA to assess a civil administrative penalty of not more than \$25,000 per day of violation. 42 U.S.C. § 7413(a)(3)(A), (d). Pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990, Pub. L. 101-410, as amended, and the Civil Monetary Penalty Inflation Adjustment Rule, the statutory maximum civil administrative penalty has subsequently been raised to \$59,114 per day of violation. 40 C.F.R. § 19.4, Table 1.
10. The EPA regulations at 40 C.F.R. Part 84, Subpart B, implement the AIM Act requirement under 42 U.S.C. § 7675(i) to accelerate the transition of technologies in products and systems that utilize HFCs to substances with lower global warming potentials (“GWP”). These regulations are commonly referred to as the “Technology Transitions Regulations.”
11. The Technology Transitions Regulations prohibit the manufacture or import of products in certain sectors or subsectors using regulated substances unless they meet certain GWP limits. 40 C.F.R. § 84.54(a). One such subsector covered under the regulations is household refrigerators and freezers. *Id.* at 84.54(a)(3).
12. Effective January 1, 2025, no person may manufacture or import products in the household refrigerator and freezer subsector using a regulated substance, or a blend containing a regulated substance, with a GWP of 150 or greater. 40 C.F.R. § 84.54(a)(3).
13. Every product imported using a regulated substance in contravention of 40 C.F.R. § 84.54(a) constitutes a separate violation. 40 C.F.R. § 84.54(g).
14. The definitions, listed at 40 C.F.R. Part 84, Subparts A and B, include:
 - a. “Person” is defined as “any individual or legal entity, including an individual, corporation, partnership, association; state, municipality, political subdivision of a state, Indian tribe; any agency, department, or instrumentality of the United States; and any officer, agent, or employee thereof.” 40 C.F.R. § 84.3.

- b. “Regulated substance” is defined as “a hydrofluorocarbon listed in the table contained in subsection (c)(1) of the AIM Act and a substance included as a regulated substance by the Administrator under the authority granted in subsection (c)(3).” 40 C.F.R. § 84.3.
- c. “Import” is defined as “to land on, bring into, or introduce into, or attempt to land on, bring into, or introduce into, any place subject to the jurisdiction of the United States, regardless of whether that landing, bringing, or introduction constitutes an importation within the meaning of the customs laws of the United States. Offloading used regulated substances recovered from equipment aboard a marine vessel, aircraft, or other aerospace vehicle during servicing is not considered an import.” 40 C.F.R. § 84.52 (referring back to the definition in 40 C.F.R. § 84.3).
- d. “Importer” is defined as “any person who imports any product or specified component using or intended for use with a regulated substance into the United States. Importer includes the person primarily liable for the payment of any duties on the merchandise or an authorized agent acting on his or her behalf. The term also includes: (1) The consignee; (2) The importer of record; (3) The actual owner; or (4) The transferee, if the right to withdraw merchandise from a bonded warehouse has been transferred.” 40 C.F.R. § 84.52.
- e. “Product” is defined as “an item or category of items manufactured from raw or recycled materials which performs a function or task and is functional upon completion of manufacturing. The term includes, but is not limited to: appliances, foams, fully formulated polyols, self-contained fire suppression devices, aerosols, pressurized dispensers, and wipes.” 40 C.F.R. § 84.52.
- f. “Sector” is defined as “a broad category of applications including but not limited to: refrigeration, air conditioning and heat pumps; foams; aerosols; chemical manufacturing; cleaning solvents; fire suppression and explosion protection; and semiconductor manufacturing.” 40 C.F.R. § 84.52.
- g. “Subsector” is defined as “processes, classes of applications, or specific uses that are related to one another within a single sector or subsector.” 40 C.F.R. § 84.52.

For the terms not defined in this subpart but that are defined in § 84.3, the definitions in § 84.3 shall apply. 40 C.F.R. § 84.52.

- 15. A current list of regulated substances, their chemical formulas, and their exchange values can be found in Appendix A to 40 C.F.R. Part 84. *See* 40 C.F.R. § 84.3.
- 16. The GWP of a regulated substance is the exchange value for the regulated substance listed in subsection (c) of the AIM Act and in Appendix A 40 C.F.R. Part 84. 40 C.F.R. § 84.64(a).
- 17. The exchange value of a blend is calculated by summing the exchange value of each constituent of the blend multiplied by the nominal mass fraction of the constituent within that blend. 40 C.F.R. § 84.64(b).

18. The HFC at issue in this matter is assigned the following GWP:

HFC	Chemical Formula	Global Warming Potential
HFC-134a	CH ₂ FCF ₃	1,430.0

40 C.F.R. Part 84, Appendix A.

C. ALLEGED VIOLATION OF LAW

The EPA may use any information submitted under this Agreement in an administrative, civil judicial, or criminal action.
38. Nothing in this Agreement shall relieve Respondent of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict the EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit.
39. Nothing herein shall be construed to limit the power of the EPA to undertake any action against Respondent or any person in response to conditions that may present an imminent and substantial endangerment to the public health, welfare, or the environment.
40. The EPA reserves the right to revoke this Agreement and settlement penalty if and to the extent that the EPA finds, after signing this Agreement, that any information provided by Respondent was materially false or inaccurate at the time such information was provided to the EPA, and the EPA reserves the right to assess and collect any and all civil penalties for any violation described herein. The EPA shall give Respondent notice of its intent to revoke, which shall not be effective until received by Respondent.
