

Year 7 Annual Report

Massachusetts Small MS4 General Permit

Reporting Period: July 1, 2024-June 30, 2025

****Please DO NOT attach any documents to this form. Instead, attach all requested documents to an email when submitting the form. Also ensure any websites included on this form are to publicly accessible sites****

Unless otherwise noted, all fields are required to be filled out. If a field is left blank, it will be assumed the requirement or task has not been completed. Please ONLY report on activities between July 1, 2024 and June 30, 2025 unless otherwise requested.

Part I: Contact Information

Name of Municipality or Organization:

EPA NPDES Permit Number:

Primary MS4 Program Manager Contact Information

Name:

Title:

Street Address Line 1:

Street Address Line 2:

City:

State:

Zip Code:

Email:

Phone Number:

Stormwater Management Program (SWMP) Information

SWMP Location (publicly available web address):

Date SWMP was Last Updated:

If the SWMP is not available on the web please provide the physical address:

Part II: Self-Assessment

First, in the box below, select the impairment(s) and/or TMDL(s) that are applicable to your MS4. Make sure you are referring to the most recent EPA approved Section 303(d) Impaired Waters List which can be found here: <https://www.epa.gov/tmdl/region-1-impaired-waters-and-303d-lists-state>

Impairment(s)			
☐ Bacteria/Pathogens	☐ Chloride	☐ Nitrogen	☐ Phosphorus
☐ Solids/ Oil/ Grease (Hydrocarbons)/ Metals			
TMDL(s)			
<i>In State:</i>	☐ Assabet River Phosphorus	☒ Bacteria and Pathogen	☐ Cape Cod Nitrogen
	☐ Charles River Watershed Phosphorus	☐ Lake and Pond Phosphorus	
<i>Out of State:</i>	☐ Bacteria/Pathogens	☐ Metals	☐ Nitrogen
			☐ Phosphorus
Clear Impairments and TMDLs			

Next, check off all requirements below that have been completed. **By checking each box you are certifying that you have completed that permit requirement fully.** If you have not completed a requirement leave the box unchecked. Additional information will be requested in later sections.

Year 7 Requirements

- ☒ Completed catchment investigations associated with Problem Outfalls
- ☒ Completed catchment investigations where information gathered on the outfall/interconnection indicated sewer input

Annual Requirements

- ☒ Provided an opportunity for public participation in review and implementation of SWMP and complied with State Public Notice requirements
- ☒ Kept records relating to the permit available for 5 years and made available to the public
- ☒ The SSO inventory has been updated, including the status of mitigation and corrective measures implemented
 - ☐ This is not applicable because we do not have sanitary sewer
 - ☐ This is not applicable because we did not find any new SSOs
 - ☐ The updated SSO inventory is attached to the email submission
 - ☒ The updated SSO inventory can be found at the following publicly available website:

<https://www.rockportma.gov/707/NPDES-Stormwater-Management-Plan>

- ☒ Updated system map due in year 10 with information from completed catchment investigations
- ☒ Provided training to employees involved in IDDE program within the reporting period
- ☒ Properly stored and disposed of catch basin cleanings and street sweepings so they did not discharge to receiving waters

- ☒ All curbed roadways were swept at least once within the reporting period
- ☒ Enclosed all road salt storage piles or facilities and implemented winter road maintenance procedures to minimize the use of road salt
- ☒ Implemented SWPPPs for all permittee owned or operated maintenance garages, public works yards, transfer stations, and other waste handling facilities
- ☒ Updated inventory of all permittee owned facilities as necessary
- ☒ O&M programs for all permittee owned facilities have been completed and updated as necessary
- ☒ Implemented all maintenance procedures for permittee owned facilities in accordance with O&M programs
- ☒ Implemented program for MS4 infrastructure maintenance to reduce the discharge of pollutants
- ☒ Inspected all permittee owned treatment structures (excluding catch basins)

Optional: If you would like to describe progress made on any incomplete requirements listed above or provide any additional details, please use the box below:

Inspections were performed on June 17, 2025 and June 27, 2025 on all town-owned BMP structures. There are eleven town-owned structural BMPs in Rockport.

Bacteria/ Pathogens (Combination of Impaired Waters Requirements and TMDL Requirements as Applicable)

Annual Requirements

*Public Education and Outreach**

- ☒ Annual message was distributed encouraging the proper management of pet waste, including noting any existing ordinances where appropriate
- ☒ Permittee or its agents disseminated educational material to dog owners at the time of issuance or renewal of dog license, or other appropriate time
- ☒ Provided information to owners of septic systems about proper maintenance in any catchment that discharges to a water body impaired for bacteria
- ☐ This is not applicable because there are no septic systems present

** Public education messages can be combined with other public education requirements as applicable (see Appendix F and H for more information)*

Optional: If you would like to describe progress made on any incomplete requirements listed above or provide any additional details, please use the box below:

The Town utilized educational materials created by Greenscapes Coalition to provide residents with information on proper management of pet waste and septic systems. Information was distributed in brochures available at Town Hall and through social media posts.

Optional: Use the box below to provide any additional information you would like to share as part of your self-assessment:

Part III: Receiving Waters/Impaired Waters/TMDL

Have you made any changes to your lists of receiving waters, outfalls, or impairments since the NOI was submitted?

☒ Yes

☐ No

If yes, describe below, including any relevant impairments or TMDLs:

During stormwater GIS updates, updates to the Town's outfall mapping and receiving waters were made. The Town's outfall mapping can be viewed in the SWMP.

Part IV: Minimum Control Measures

Please fill out all of the metrics below. If applicable, include in the description who completed the task if completed by a third party.

MCM1: Public Education

Number of educational messages completed **during this reporting period:**

*Below, report on the educational messages completed **during this reporting period**. For the measurable goal(s) please describe the method/measures used to assess the overall effectiveness of the educational program.*

BMP: Social Media - Protecting Rockport's Waters Starts at Home!

Message Description and Distribution Method:

Social media content providing information on proper septic tank maintenance and reminding residents to routinely pump the tank.

<https://www.facebook.com/rockportdpw>

<https://www.greenscapes.org/>

Targeted Audience:

Responsible Department/Parties:

Measurable Goal(s):

Facebook: 5 likes

Facebook account has 2.1k followers

Message Date(s):

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☒

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: Social Media - Your Dog's Waste = Water Pollution

Message Description and Distribution Method:

Social media content informing residents the impact pet waste has on nearby watersheds.

<https://www.facebook.com/rockportdpw>

Targeted Audience:

Responsible Department/Parties:

Measurable Goal(s):

Facebook: 23 likes, 1 comment, and 2 shares

Facebook account has 2.1k followers

Message Date(s): June 30, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☒

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Waste Oil Recycling

Message Description and Distribution Method:

The Town of Rockport held quarterly waste oil recycling drop offs at the Wastewater Treatment Plant for residents to drop off used motor oil, car batteries, and antifreeze.

Targeted Audience: Residents

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Facebook account has 2.1k followers

Message Date(s): September 28, 2024; March 29, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - Consider Native Plants

Message Description and Distribution Method:

Social media content sharing the benefits native species provide, requiring no fertilizer and less water.

<https://www.facebook.com/rockportdpw>

<https://www.greenscapes.org/>

Targeted Audience: Residents

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: 0 likes

Facebook account has 2.1k followers

Message Date(s): September 17, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: Social Media - Scoop the Poop

Message Description and Distribution Method:

Social media content informing residents the impact pet waste has on nearby watersheds.
<https://www.facebook.com/rockportdpw>
<https://www.greenscapes.org/>

Targeted Audience: Residents+

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 22 Instagram: reached 21, 6 likes

Message Date(s): August 31, 2024 and September 4, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☒

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: Social Media - Rain Barrel Benefits

Message Description and Distribution Method:

Social media content informing residents the benefits of conserving stormwater runoff.
<https://www.facebook.com/rockportdpw>

Targeted Audience: Residents

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Facebook: 3 likes
Facebook account has 2.1k followers

Message Date(s): March 10, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - Tips for Saving Water

Message Description and Distribution Method:

Social media content with water conservation tips for residents.

Targeted Audience: Residents

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Facebook: 7 likes, 1 comment, and 5 shares

Facebook account has 2.1k followers

Message Date(s): August 30, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Reducing Water Usage Brochure

Message Description and Distribution Method:

Brochures are available at Town Hall with information for residents and businesses on water conservation. The brochure gives tips on how to reduce water usage, especially in the summer.

Targeted Audience: Residents and Businesses

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Brochures are reprinted as needed and left in Town Hall for residents and businesses to take

Message Date(s): July 2024 through June 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Pet Waste Brochure

Message Description and Distribution Method:

Brochures are available at Town Hall with information for residents on proper pet waste disposal.

Targeted Audience: Residents

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Brochures are reprinted as needed and left in Town Hall for residents to take

Message Date(s): July 2024 through June 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☒

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Reducing Water Usage Flyer

Message Description and Distribution Method:

A flyer was mailed to residents and businesses with their water and sewer bill as well as their tax bill. The flyer gives tips on how to reduce water usage, especially in the summer.

Targeted Audience: Residents and Businesses

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Approximately 3,000 flyers were mailed to residents and businesses with their water and sewer bills as well as their tax bill.

Message Date(s): August 4, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Rain Barrel Program Flyer

Message Description and Distribution Method:

A flyer was mailed to residents and businesses with their water and sewer bill as well as their tax bill. The flyer includes information on the rain barrel program in Town and provides a link to purchase one.

Targeted Audience: Residents and Businesses

Responsible Department/Parties: Rockport DPW

Measurable Goal(s):

Approximately 3,000 flyers were mailed to residents and businesses with their water and sewer bills as well as their tax bill.

Message Date(s): August 4, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Tabling Event - Rockport Farmer's Market

Message Description and Distribution Method:

The Ad Hoc Water Committee attended the farmer's market to hand out printed materials on water bans and droughts. The committee talked with residents about simple steps to protect water quality.

Targeted Audience: Residents

Responsible Department/Parties: Rockport's Ad Hoc Water Committee and Greenscapes

Measurable Goal(s):

50 residents

Message Date(s): Saturdays from 9am to 1pm, June through October

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Coastal Cleanups

Message Description and Distribution Method:

Rockport DPW coordinated with outside committees and organizations to host coastal cleanups throughout the spring. Volunteers collected trash that the Rockport DPW picked up.

Targeted Audience: Residents

Responsible Department/Parties: Seaside Sustainability

Measurable Goal(s):

Removed 107 lbs of trash

Message Date(s): March 22, 2025 and June 9, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: School Program - Keeping Water Clean

Message Description and Distribution Method:

Program engages 5th grade students in several activities designed to raise their stormwater and water conservation awareness. Students learn about watersheds, stormwater, ground water, wastewater, how we impact these systems, and how they should be protected/maintained.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

2,652 students, 112 teachers, and 126 parents.

Message Date(s): September 2024 - June 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Regional Event - Amesbury Earth Day

Message Description and Distribution Method:

Event attended by Greenscapes personnel and Lake Attitash Association to showcase stormwater runoff with watershed model. Printed materials were provided to residents.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

75 residents

Message Date(s): April 12th, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: Social Media - "Fertilizer Use"

Message Description and Distribution Method:

Social media content informing residents the impact fertilizer has on our waterways. Provides alternatives to chemical fertilizer and best application practices.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 1.5k, 2 likes, 6 shares Instagram: reached 71, 8 likes, 1 share

Message Date(s): July 30, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Septic SMART"

Message Description and Distribution Method:

Social media content providing information on proper septic tank maintenance.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 14 Instagram: reached 21, 1 like, 1 share

Message Date(s): September 16, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Yard Waste Disposal"

Message Description and Distribution Method:

Social media content sharing how to properly dispose of yard waste.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 12, 3 likes Instagram: reached 79, 8 likes, 2 shares

Message Date(s): October 25, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "What is a Storm Drain"

Message Description and Distribution Method:

Social media informing residents of what a storm drain is, what it does, and importance of keeping it cleared.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 12 Instagram: reached 122, 8 likes, 1 shares

Message Date(s): October 29, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Pet Waste in Storm Drains"

Message Description and Distribution Method:

Social media content informing residents to never put used dog bags in storm drains.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 20, 4 likes Instagram: reached 63, 5 likes, 1 share

Message Date(s): October 31, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Drought Awareness"

Message Description and Distribution Method:

Social media to inform residents of current drought status and water conservation tips.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 139, 3 shares Instagram: reached 288, 8 likes, 7 shares

Message Date(s): November 13, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Save your Drain"

Message Description and Distribution Method:

Social media content reminding residents to never put oils, fats, or grease down their drains.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 10 Instagram: reached 30, 5 likes

Message Date(s): December 4, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Salt Goes Where Water Flows"

Message Description and Distribution Method:

Social media content that provided the dangers of road salt. Post included environmental friendly options to reduce salt in local bodies of water.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 21, 1 like, 2 shares like Instagram: reached 164, 7 likes, 5 shares

Message Date(s): January 19, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "Dumpster Maintenance"

Message Description and Distribution Method:

Social media content explaining the importance of maintaining dumpsters to prevent stormwater pollution.

Targeted Audience: Businesses, Residents

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 18, 1 like Instagram: reached 33, 4 likes

Message Date(s): February 27, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Social Media - "What is MS4?"

Message Description and Distribution Method:

Social media content providing information on MS4 and what it means.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

Facebook: reached 1.5k, 2 likes, 8 shares Instagram: reached 20, 3 likes

Message Date(s): June 30, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Regional Event - Newburyport Living Green Expo

Message Description and Distribution Method:

Greenscapes materials provided for residents for this event.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

50 residents

Message Date(s): May 18th, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP: Regional Event - Salem State University Career Fair

Message Description and Distribution Method:

Event attended by Greenscapes personnel where printed materials were provided. Students learned about stormwater management in Salem and surrounding areas.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

50 Students

Message Date(s): March 6th, 2025

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Regional Event - Boxford Apple Festival

Message Description and Distribution Method:

Event attended by Greenscapes personnel where printed materials were provided.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

30 residents

Message Date(s): September 21st, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Regional Event - Beverly Harbor Fest

Message Description and Distribution Method:

Event attended by Greenscapes personnel where printed materials were provided. Interactive storm water model was used to demonstrate stormwater runoff and how it contributes to polluted water ways.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

200 Residents

Message Date(s): September 8, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

BMP:Regional Event - Salem Maritime Festival

Message Description and Distribution Method:

Event attended by Greenscapes personnel where printed materials were provided.

Targeted Audience: Residents +

Responsible Department/Parties: Greenscapes Coalition

Measurable Goal(s):

130 residents

Message Date(s): August 3rd, 2024

Message Completed for: Appendix F Requirements ☐ Appendix H Requirements ☐

Was this message different than what was proposed in your NOI? Yes ☐ No ☒

If yes, describe why the change was made:

Add an Educational Message

MCM2: Public Participation

Describe the opportunity provided for public involvement in the development of the Stormwater Management Program (SWMP) **during this reporting period:**

The Town continues to maintain a copy of the Stormwater Management Plan on the Town's website and is open to receiving comments and feedback from residents on the document.

Was this opportunity different than what was proposed in your NOI? Yes ☐ No ☒

Describe any other public involvement or participation opportunities conducted **during this reporting period:**

During Permit Year 7, Rockport continued to work with Greenscapes North Shore Coalition. The Greenscapes Coalition has given Rockport access to professionally developed educational handouts, informational videos, presentations, and social media resources to share about water-related topics, including stormwater management.

On March 22 and June 9, 2025, Seaside Sustainability held a Coastal Clean-Up at numerous beaches in Rockport.

Rockport's Garden Club helped support and assisted with the annual rain barrel program from the Great American Rain Barrel Company.

MCM3: Illicit Discharge Detection and Elimination (IDDE)

Sanitary Sewer Overflows (SSOs)

Check off the box below if the statement is true.

☐ This SSO section is NOT applicable because we DO NOT have sanitary sewer

*Below, report on the number of SSOs identified in the MS4 system and removed **during this reporting period.***

Number of SSOs identified:

Number of SSOs removed:

MS4 System Mapping

Percent of Phase II map complete:

Optional: Provide additional status information regarding your map:

Rockport has all Phase I mapping complete. For Phase II mapping, Rockport has drain manholes, catch basins, and drain pipes mapped. In addition, the Town has comprehensively mapped their sanitary sewer system. The Town is in the process of delineating drainage catchment areas.

Screening of Outfalls/Interconnections

If conducted, please submit any outfall monitoring results from this reporting period. Outfall monitoring results should include the date, outfall/interconnection identifier, location, weather conditions at time of sampling, precipitation in previous 48 hours, field screening parameter results, and results from all analyses. Please also include the updated inventory and ranking of outfalls/interconnections based on monitoring results.

- ☐ No outfalls were inspected
- ☒ The above referenced outfall screening data is attached to the email submission
- ☐ The above referenced outfall screening data can be found at the following publicly available website:

*Below, report on the number of outfalls/interconnections screened **during this reporting period**.*

Number of outfalls screened:

*Below, report on the percent of outfalls/interconnections screened **to date**.*

Percent of outfalls screened:

Optional: Provide additional information regarding your outfall/interconnection screening:

Regulated outfalls were previously screened during dry-weather conditions in Permit Year 3. Four additional outfalls were screened and mapped during GIS updates in Permit Year 7. Wet-weather screening of outfalls will begin in Permit Year 8.

Catchment Investigations

If conducted, please submit all data collected during this reporting period as part of the dry and wet weather investigations. Also include the presence or absence of System Vulnerability Factors for each catchment.

- ☐ No catchment investigations were conducted
- ☒ The catchment investigation data is attached to the email submission
- ☐ The catchment investigation data can be found at the following publicly available website:

*Below, report on the number of catchment investigations completed **during this reporting period**.*

Number of catchment investigations completed this reporting period:

*Below, report on the percent of catchments investigated **to date**.*

Percent of total catchments investigated:

Optional: Provide any additional information for clarity regarding the catchment investigations below:

Per the permit, the Town is only reporting catchment investigations are complete in catchments where outfalls/interconnections have been screened during dry weather, where key junction manholes in these catchments have been screened, where wet weather sampling has been completed, and where all results indicate no evidence of likely sewer input based on field observations and sampling. Most outfalls in Rockport have at least one SVF, therefore wet weather outfall/interconnection sampling must be conducted for catchment investigations to be considered complete. Catchment investigations were started in 57 catchments during Permit Year 7 but cannot be considered complete because wet weather investigations have yet to be completed. Catchment investigations were started in a total of 76 catchments to date.

IDDE Progress

If illicit discharges were found, please submit a document describing work conducted over this reporting period, and cumulative to date, including location source; description of the discharge; method of discovery; date of discovery; and date of elimination, mitigation, or enforcement OR planned corrective measures and schedule of removal.

- ☒ No illicit discharges were found
- ☐ The illicit discharge removal report is attached to the email submission
- ☐ The illicit discharge removal report can be found at the following publicly available website:

*Below, report on the number of illicit discharges identified and removed, along with the volume of sewage removed **during this reporting period.***

Number of illicit discharges identified:

Number of illicit discharges removed:

Estimated volume of sewage removed: gallons/day

*Below, report on the total number of illicit discharges identified and removed to date. At a minimum, report on the number of illicit discharges identified and removed **since the effective date of the permit (July 1, 2018).***

Total number of illicit discharges identified:

Total number of illicit discharges removed:

Optional: Provide any additional information for clarity regarding illicit discharges identified, removed, or planned to be removed below:

During Permit Year 6, one dry weather sample during catchment investigations was determined to have evidence of likely sewer input based on criteria identified in the 2016 MS4 Permit. Follow up investigations to determine the source of the illicit discharge were started in Permit Year 7, but due to lab error and late notification by the lab, sampling will be performed again in Permit Year 8. The Town will work to follow-up in catchment areas with likely sewer input to identify and remove illicit discharges as applicable. Follow-up investigations will include TV inspection and dye testing to confirm any sources of illicit discharges.

Employee Training

Describe the frequency and type of employee training conducted **during this reporting period**:

During Permit Year 7, Town employees received IDDE and SWPPP training on June 26, 2025. Trainings were held at the DPW facility (ten employees attended), Transfer Station (two employees attended), and Wastewater Treatment Plant (five employees attended).

MCM4: Construction Site Stormwater Runoff Control

*Below, report on the construction site plan reviews, inspections, and enforcement actions completed **during this reporting period**.*

Number of site plan reviews completed: 0

Number of inspections completed: 0

Number of enforcement actions taken: 0

Optional: Enter any additional information relevant to construction site plan reviews, inspections, and enforcement actions:

MCM5: Post-Construction Stormwater Management in New Development and Redevelopment

As-built Drawings

*Below, report on the number of as-built drawings received **during this reporting period**.*

Number of as-built drawings received: 0

Optional: Enter any additional information relevant to the submission of as-built drawings:

Street Design and Parking Lots Report

Below, describe any changes made or planned to be made to local regulations and guidelines based on the report completed in Year 4:

No changes have been made during Permit Year 7.

Green Infrastructure Report

Below, describe progress towards making green infrastructure practices allowable based on the report completed in Year 4:

No changes have been made during Permit Year 7.

Retrofit Properties Inventory

Below, list remaining permittee-owned properties that could be modified or retrofitted with BMPs to mitigate impervious areas (must maintain a minimum of 5 sites in inventory until less than 5 sites remain):

The permittee owned properties are Rockport Town Hall, Rockport Public Library, Rockport Elementary School, Rockport Fire Department, Rockport Water Filtration Plant, Stockholm Avenue, and Curtis Street.

Below, list all properties that have been modified or retrofitted with BMPs to mitigate impervious area that were inventoried as part of 2.3.6.d of the permit and the type of BMP(s) implemented. Non-MS4 owned properties that have been modified or retrofitted with BMPs to mitigate impervious area may also be listed, but must be indicated as non-MS4.

A detention pond was installed at the Department of Public Works.

MCM6: Good Housekeeping

Catch Basin Cleaning

*Below, report on the number of catch basins inspected and cleaned, along with the total volume of material removed from the catch basins **during this reporting period**.*

Number of catch basins inspected:

Number of catch basins cleaned:

Total volume or mass of material removed from all catch basins:

Below, report on the total number of catch basins in the MS4 system.

Total number of catch basins:

If applicable:

Report on the actions taken if a catch basin sump is more than 50% full during two consecutive routine inspections/cleaning events:

Catch basins are periodically inspected each year and cleaned as needed. Data collected annually from catch basin cleaning will be utilized to identify those catch basins that are filling up more quickly and will therefore need to be cleaned more frequently to ensure that the catch basin sump is never more than 50% full.

Street Sweeping

*Report on street sweeping completed **during this reporting period** using one of the three metrics below.*

☒ Number of miles cleaned:

☐ Volume of material removed:

☐ Weight of material removed:

Stormwater Pollution Prevention Plan (SWPPP)

*Below, report on the number of site inspections for facilities that require a SWPPP completed **during this reporting period**.*

Number of site inspections completed:

Describe any corrective actions taken at a facility with a SWPPP:

During Permit Year 7, construction was completed on a new DPW facility. The SWPPP for this facility was updated during Permit Year 7. Site inspections were performed on December 23, 2024 and June 26, 2025 at the three facilities with a SWPPP: DPW and Water Filtration Plant, Transfer Station, and Wastewater Treatment Plant. Due to staff departure, all SWPPP inspections were not completed, and Weston & Sampson

was brought in to assist going forward.

Additional Information

Monitoring or Study Results

Results from any other stormwater or receiving water quality monitoring or studies conducted during the reporting period not otherwise mentioned above, where the data is being used to inform permit compliance or permit effectiveness must be attached.

- ☒ Not applicable
- ☐ The results from additional reports or studies are attached to the email submission
- ☐ The results from additional reports or studies can be found at the following publicly available website(s):

If such monitoring or studies were conducted on your behalf or if monitoring or studies conducted by other entities were reported to you, a brief description of the type of information gathered or received shall be described below:

Additional Information

Enter any additional information relevant to your stormwater management program implementation during the reporting period. Include any BMP modifications made by the MS4 if not already discussed above.

The Town continues to collect and track catch basin inspection and cleaning data in order to develop and implement a formal Catch Basin Cleaning Optimization Plan. Electronic forms are being used in the data collection effort which will help historical tracking when developing the formal plan.

Year 8

Activities Planned for Next Reporting Period

Please confirm that your SWMP has been, or will be, updated to comply with all applicable permit requirements including but not limited to the year 8 requirements summarized below. (Note: impaired waters and TMDL requirements are not listed below)

Yes, I agree ☒

Annual Requirements

- Annual report submitted and available to the public
- Annual opportunity for public participation in review and implementation of SWMP
- Keep records relating to the permit available for 5 years and make available to the public
- Properly store and dispose of catch basin cleanings and street sweepings so they do not discharge to receiving waters
- Annual training to employees involved in IDDE program
- Update inventory of all known locations where SSOs have discharged to the MS4
- Continue public education and outreach program
- Update outfall and interconnection inventory and priority ranking and include data collected in connection with the dry weather screening and other relevant inspections conducted
- Implement IDDE program
- Review site plans of construction sites as part of the construction stormwater runoff control program
- Conduct site inspection of construction sites as necessary
- Inspect and maintain stormwater treatment structures
- Log catch basins cleaned or inspected
- Sweep all curbed streets at least annually
- Continue investigations of catchments associated with Problem Outfalls
- Implemented SWPPPs for all permittee owned or operated maintenance garages, public works yards, transfer stations, and other waste handling facilities
- Review inventory of all permittee owned facilities in the categories of parks and open space, buildings and facilities, and vehicles and equipment; update if necessary
- Review O&M programs for all permittee owned facilities; update if necessary
- Implement all maintenance procedures for permittee owned facilities in accordance with O&M programs
- Implement program for MS4 infrastructure maintenance to reduce the discharge of pollutants
- Enclose all road salt storage piles or facilities and implemented winter road maintenance procedures to minimize the use of road salt
- Review as-built drawings for new and redevelopment to ensure compliance with post construction bylaws, regulations, or regulatory mechanism consistent with permit requirements
- Inspect all permittee owned treatment structures (excluding catch basins)
- Identify additional permittee-owned properties that could potentially be modified or retrofitted with BMPs to reduce impervious areas so that the permittee maintains a minimum of 5 sites in their inventory, until such a time when the permittee has less than 5 sites remaining

Provide any additional details on activities planned for permit year 8 below:

During Permit Year 8, the Town will continue with catchment investigation efforts and will begin wet weather outfall screening.

Part V: Certification of Small MS4 Annual Report 2025

40 CFR 144.32(d) Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, I certify that the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
