Re: Monitoring, Reporting and Verification (MRV) Plan for the Rose Carbon Capture and Sequestration Facility

Dear Mr. Biggers,

The United States Environmental Protection Agency (EPA) has reviewed the MRV Plan submitted under 40 CFR Part 98, Subpart RR of the Greenhouse Gas Reporting Program for the Rose Carbon Capture and Sequestration Facility. The EPA is approving the MRV Plan submitted by the Rose Carbon Capture and Sequestration Facility on November 21, 2025, as the final MRV plan. The MRV Plan Approval Number is 1015535-1. This decision is effective five days after the signature date below and is appealable to the EPA's Environmental Appeals Board under 40 CFR Part 78. This decision is applicable only to the MRV plan and does not constitute an EPA endorsement of the project, technologies, or parties involved.

If you have any questions regarding this determination, please contact the Greenhouse Gas Reporting Program Helpdesk at [ghgreporting@epa.gov](mailto:ghgreporting@epa.gov).

Sincerely,

Panagiotis Tsirigotis, Director  
Office of Clean Air Programs  
U.S. Environmental Protection Agency Peter Tsirigotis
