Re: Final Part 71 Operating Air Permit Renewal, Permit No. ONEIDA004, Turning Stone Resort and Casino, Oneida Indian Nation, Oneida County, New York

Dear Mr. Massena:

On July 17, 2025, the United States Environmental Protection Agency, Region 2 Office ("EPA") issued for public review a draft Part 71 Operating Air Permit Renewal for the Turning Stone Resort and Casino ("Turning Stone"). EPA provided the public with the opportunity to comment on the draft permit from July 17, 2025 to August 18, 2025. EPA did not receive any comments during the public comment period. Therefore, EPA today issues the final permit renewal, without making any changes from the draft to the final permit decision.

Pursuant to 40 C.F.R. § 71.11(i), since no comments were received, and no changes were made from the draft to the final permit, this final permit renewal becomes effective immediately upon issuance (i.e., the date stated on the final permit renewal). Enclosed with this letter is the signed final Part 71 Operating Air Permit Renewal for Turning Stone, which will also be available on the EPA website at <https://www.epa.gov/caa-permitting/caa-permits-issued-epa-region-2#part71permits>. You may seek to appeal the conditions of this permit in accordance with the requirements and procedures in 40 C.F.R. § 71.11(l) and section 307(b) of the Clean Air Act.

If you have questions or concerns about this permit, please contact Viorica Petriman, at petriman.viorica@epa.gov, or at (212) 637-4021

Sincerely,

Michael Martucci
Regional Administrator
