Dear Ms. Crews:

Valent U.S.A. LLC, Company No. 59639, is submitting the enclosed document to petition the Agency for an additional 3 years of mandestrobin (S-2200) data exclusivity protection as provided for under FIFRA Section 3(c) (1) (F) (ii). S-2200 Fungicide Technical with EPA reg. no. 59639-201 was granted registration on September 30, 2016. Granting a three-year extension to the period of exclusive data use for mandestrobin will change the ten-year period described in FIFRA to thirteen years, extending the expiration date from September 30, 2026 to September 30, 2029.

For this submission, we are including mandestrobin uses (foliar) on six crops supported by traditional RAC trials data and non-food seed treatment uses on four crops.

Attached in support of this submission are:

- EPA form 8570-1
- EPA form 8570-34
- Data matrix
- Receipt of PRIA fee payment (M007)
- Transmittal document
- Exclusive Data Use petition

Thank you very much for your consideration. If you have any questions, please contact me at (925) 266-6445 or alice.wei@valent.com.
