Re: Publicly Owned Treatment Works General NPDES Permit No. NHG580579-
Hopkinton Wastewater Treatment Plant

Dear Mr. Flood:

This letter acknowledges your submittal of a Notice of Intent (NOI), dated March 1, 2010, for coverage under the Publicly Owned Treatment Works General NPDES Permit (POTW GP) No. NHG580579. Your NOI has been received and reviewed by this office. The information submitted appears to be complete and will be kept at our offices until such a time as the POTW GP is reissued. Since you submitted a timely and complete NOI, coverage of the discharge from your facility under the current POTW GP is administratively continued until a new permit is issued, in accordance with the Administrative Procedure Act (5 U.S.C. 558(c)) and 40 CFR §122.6. Please be advised that upon reissuance of the POTW GP, an NOI for coverage will need to be submitted in accordance with the notification requirements of that permit.

Please note that should you make any change to your processes that you believe may affect your coverage under the final permit, please contact Meredith Timony of my staff at (617) 918-1533 to discuss those changes.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Pitt", is located below the "Sincerely," text.
