

Table D-1. Injection Rates and Volumes					
	Injection Interval Length (feet)	Typical Injection Rate at 0.15 gpm/ft (gpm)	Typical Injection Rate at 0.20 gpm/ft (gpm)	Daily Injection Volume at 0.15 gpm/ft (gallons)	Daily Injection Volume at 0.20 gpm/ft (gallons)
Well with Shortest Injection Interval	190	29	38	41,760	54,720
Well with Typical Length Injection Interval	580	87	116	125,280	167,040
Well with Longest Injection Interval	700	105	140	151,200	201,600
Notes: <i>gpm = gallons per minute</i> <i>gpm/ft = gallons per minute per foot</i>
