

**Table D-2. Example Calculated Average and Maximum Injection Pressures for  
Selected Injection Intervals**

<b>Depth to top of Injection Interval (feet)</b>	<b>Average Injection Pressure at Top of Injection Interval (psi)</b>	<b>Average Well Head Pressure (psi)</b>	<b>Maximum Injection Pressure at Top of Injection Zone (psi)</b>	<b>Maximum Well Head Pressure (psi)</b>
500	225	Atmospheric	325	100
690	311	Atmospheric	449	138
880	396	Atmospheric	572	176

**Notes:**

*psi = pounds per square inch*
