Angela Tovar

Commissioner, City of Chicago Department of Environment

Via Electronic Mail

Dear Commissioner Tovar,

I am writing to provide my organization's Letter of Commitment to the City of Chicago and Cook County, a \$199,999,000 5-year program application for funding under the 2024 EPA Climate Pollution Reduction Strategy Program.

The Housing Authority of Cook County wholly supports the application for funding to reduce Greenhouse Gas Emissions (GHG) as part of a coalition of municipalities and jurisdictions in the Chicago-Naperville-Elgin Metropolitan Statistical Area

The Housing Authority of Cook County encourages the EPA to make this transformational investment to support the implementation and scaling of greenhouse gas reductions. If awarded, we anticipate signing a Memorandum of Agreement with the City of Chicago/County of Cook and serving as a subrecipient on this project.

Subrecipient Scope of Work

- 1) Make energy efficiency, electrification, and renewable energy investments consistent with the CPRG grant scope of work and
- 2) Comply with all financial and technical reporting requirements on time.

Please get in touch with me if you need any additional information or if you have any questions.

Sincerely,

Executive Director

Housing Authority of Cook County
