

Hannah Reichle

(she/her/hers)

Regional Planner

MetroCOG

As regional planner, Hannah works across agency programs, including hazard mitigation, coastal resilience, stormwater control, land conservation, economic development, and transportation planning. She applies her environmental background to lead the US EPA Brownfields program and convenes the bi-monthly Conservation Technical Advisory Committee for the agency.

Education

Master of Science, Environmental Science

University of New Haven

Bachelor of Science, Environmental Science,
University of Connecticut

Relevant Experience

Natural Hazard Mitigation Plan (NHMP)

MetroCOG, *Ongoing*

- Produces, writes, and oversees stakeholder engagement for the 2024 update for the NHMP, a FEMA-required multi-jurisdictional plan.

Brownfield Program (EPA)

MetroCOG, *Ongoing*

- Spearheads grant application and administration of funding through the EPA Brownfield Assessment, Cleanup and Revolving Loan Fund Program.

Conservation Technical Advisory Committee (CTAC)

MetroCOG, *Ongoing*

- Leads and coordinates the planning of critical environmental and conservation projects facing the MetroCOG region.
