RE: Support for Painesville's Climate Pollution Reduction Grant Submission

Dear City Manager Lewis,

I am writing on behalf of American Municipal Power, Inc. ("AMP") to express our support for the City of Painesville, Ohio, an AMP Member, to pursue a Climate Pollution Reduction Grant ("CPRG") Implementation Grant.

AMP's understanding is that the CPRG Implementation Grant submitted by Cuyahoga County, in cooperation with the City of Cleveland and the City of Painesville, will generate clean and renewable energy through brownfield development and municipal utility clean energy deployment that will reduce greenhouse gas emissions, improve low-income energy burden, and improve outdoor air quality. Furthermore, the funding support provided by this grant would enable Painesville to provide renewable behind-the-meter generation to support Painesville's municipal electric system that provides service to nearly 13,000 customers.

AMP stands ready to facilitate the required interconnection study process between the City and American Transmission Systems, Inc. ("ATSI") for interconnecting the proposed project behind Painesville's meter. AMP will also assist the City and its consultants on technical and regulatory matters as needed by Painesville if you are awarded the grant for this important project.

On behalf of the Members,

A handwritten signature in black ink that reads "Jolene M. Thompson".
