

Jeremy Gorden  
Traffic Engineering  
Division Engineer  
City of Fargo

To EPA CPRG Grant Application Review Committee:

Cass County Electric Cooperative (CCEC) wholeheartedly supports Fargo's endeavor to apply for the CPRG grant application. Having engaged in high-level discussions about the application's concepts, CCEC, as a member of Fargo's Sustainability and Resiliency Committee, actively seeks opportunities to partner and advance our community's goals. The CPRG grant represents a vital avenue for us to continue working alongside community members and exploring energy-related solutions.

Specifically, we endorse partnering with the city by attending and participating in neighborhood meetings focused on energy efficiency, LED streetlights, and other energy-related initiatives. CCEC remains committed to continuing the many years of collaborations with the city in the realms of energy efficiency and climate resiliency.

We appreciate your consideration of this significant application. Should you have any inquiries, please do not hesitate to reach out.

Sincerely,

A handwritten signature in black ink that reads 'Troy Knutson'.

Troy Knutson P.E.  
Manager of Engineering  
Cass County Electric Cooperative
