Rhonda Haag, Chief Resilience Officer, Monroe County

MSA: Miami-Fort Lauderdale-Pompano Beach Metropolitan Statistical Area

### **Subject: Notice of Intent to Participate in Coalition – Climate Pollution Reduction Grant (CPRG) Implementation Grant**

To Whom It May Concern,

I am writing of behalf of Monroe County with the intent to support the designation of Broward County as the Lead Applicant with responsibility for managing grant funds and administrative functions pertaining to the CPRG Implementation program on behalf of the 'Miami-Fort Lauderdale-Pompano Beach Metropolitan Statistical Area' (MSA).

Monroe County intends to commit to the MSA counties (Miami-Dade, Broward, and Palm Beach), together with Monroe County, to work collaboratively to reduce regional greenhouse gas emissions, implement adaptation strategies, and build climate resilience across the Southeast Florida region through a partnership known as the Southeast Florida Regional Climate Change Compact.

With resources from this grant, Monroe County intends to support implementation of programs related to residential energy efficiency and weatherization, community electric vehicle infrastructure, and residential and commercial solar installation. In combination, these programs will reduce greenhouse gasses across the four county region.

Monroe County offers this letter of collaboration in support of applying for and the implementation of the CPRG Planning grant.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rhonda Haag".

Rhonda Haag  
Chief Resilience Officer  
Monroe County
