Subject: Letter of Support – Climate Pollution Reduction Grant (CPRG) Implementation Grant

To Whom It May Concern,

I am writing this letter on behalf of the Urban League of Broward County to express our support for the CPRG Implementation program for the 'Miami-Fort Lauderdale-Pompano Beach Metropolitan Statistical Area' (MSA). The Urban League of Broward County is aware of the program's objectives and is prepared to respond to the call for services to assist with outreach to promote and engage residents, should we be afforded the opportunity. The CPRG program aims to reduce greenhouse gas emissions, implement adaptation strategies, and build climate resilience across the Southeast Florida region through a partnership known as the Southeast Florida Regional Climate Change Compact.

The Urban League of Broward County is a community-based organization dedicated to empowering communities and changing lives in the areas of education, entrepreneurship, jobs, justice, housing, and health. With deep-rooted connections throughout our community, we possess the capacity to effectively bolster outreach endeavors. In addition, as a development partner of affordable housing, the Urban League of Broward County is committed to implementing adaption strategies that bolster climate resiliency.

With this letter, we extend our collaborative support for both the application and the implementation of the CPRG implementation grant.

Sincerely,

Germaine Smith Baugh, Ed.D.
President and CEO
