

EPA Climate Pollution Reduction Grant

GODDARD BICYCLE AND PEDESTRIAN BRIDGE PROJECT

Applicant Organization	City of Goddard
Primary Contact	Craig R Crossette
Phone Number	316-794-2441
Email Address	ccrossette@goddardks.gov
Type of Application	Individual
Funding Requested	\$6,004,934
Application Title	Goddard Bicycle and Pedestrian Bridge
Brief Description of GHG Measures	<p>Increasing the Proportion of Walking and Bicycling By serving as a connecting link, the Project will support mode shift from automobiles to walking and cycling.</p> <p>Reduce Vehicle Idling By creating a grade-separated bicycle and pedestrian crossing, vehicles will not need to stop for crosswalk signals. Improved traffic flow and reduced idling time would reduce GHG emissions by reducing fuel consumption.</p>
Sectors	Transportation
Expected Total Cumulative GHG Emissions Reductions	998,362,179 Metric Tons
Location(s)	Goddard, Kansas
Applicable PCAP Reference(s)	Kansas Emission Reduction and Mitigation Plan
PCAP Website	https://www.epa.gov/system/files/documents/2024-02/kansas-pcap.pdf
List of GHG Reduction Measures	Travel Demand Management
PCAP Page Numbers	44
