Subject: City of Wyoming's Support of the GVMC CPRG Implementation Grant General Competition Application, (Award Number EPA-R-OAR-CPRGI-23-07)

Dear Mr. Weiss:

The City of Wyoming affirms our support of the Grand Valley Metro Council's (GVMC) application in response to EPA-R-OAR-CPRGI-23-07. The City is pleased to endorse the region's objective to reduce greenhouse gas (GHG) through the Climate Pollution Reduction Grant program. Under GVMC's proposed project, the Low Income and Disadvantaged Community Energy Efficiency Revolving Fund (LIERF) and the West Michigan Solar Consortium (WMSC), the entity responsible for the LIERF, will be established.

The creation of the WMSC and the LIERF will reduce GHG emissions in the region, provide significant cost savings for our community, provide substantial community benefits in low-income and disadvantaged communities, and improve capacity and technical expertise through workforce development.

Through the CPRG grant program period, the City anticipates collaborating with the GVMC to establish the WMSC, including exploring the feasibility of installing solar in our community.

Given GVMC's proven success in regional collaboration, the City has confidence in its ability to achieve the objectives laid out in the application. Furthermore, this initiative will stimulate increased investment in renewable energy projects critical to achieving the West Michigan's Healthy Climate Plan objectives.

The City is enthusiastic about partnering with the GVMC to advance the goals of the West Michigan Healthy Climate Plan, and the U.S. Environmental Protection Agency through this pivotal program.

Sincerely,

John Shay
