EXECUTIVE DOW CONSTANTINE  
401 FIFTH AVENUE, SUITE 800  
SEATTLE, WA 98104

RE: Support for King County's Climate Pollution Reduction Grant Application in the Seattle-Tacoma-Bellevue MSA (Accelerating Equitable Building Decarbonization throughout the Building Lifecycle)

Dear Executive Constantine:

On behalf of Seattle City Light (City Light), I am pleased to convey strong support for King County's application to the United States Environmental Protection Agency's (EPA) Climate Pollution Reduction Grant (CPRG) program. Climate pollution from the building sector is growing at a faster rate than any other source in Washington and this proposal's focus on transitioning fossil fuel systems in buildings to clean electric heating systems will help change that.

King County has committed to implementing programs in a collaborative way to ensure the benefits of this investment show up in communities across our region and leverage existing programs in these sectors. In line with our recently published Building Electrification Strategy, City Light staff commit to working with King County through the life of the grant to ensure equitable and affordable building decarbonization, including:

- Continuing to collaborate closely with King County and program teams on the deployment of decarbonization funding;
- Leveraging existing utility program channels to connect building owners across our service area to these programs and layer utility incentives as applicable; and
- Increasing access to and participation in the benefits of building electrification through our community engagement, customer education, and trade ally technical assistance.

City Light staff have decades of expertise in managing programs to reduce energy and emissions in multifamily and small commercial buildings that can inform successful implementation of these proposed programs. It has been our pleasure to partner with King County on our respective heat pump pilots and we look forward to continuing to collaborate on the new programs made possible by this grant.

Sincerely,

A handwritten signature in blue ink, appearing to read "David Logsdon".
