PROFESSIONAL EXPERIENCE

Massachusetts Clean Energy Center (MassCEC), Boston, MA

March 2020 – Present

Program Manager

March 2023 – Present

- Manage 15 clean transportation projects spanning 8 programs and totaling \$38M on the topics of electric vehicle consumer and dealer education and engagement, medium- and heavy-duty fleet electrification, vehicles-for-hire, car sharing, on-street and mobile electric vehicle charging, and electric shuttle procurement.
- Design and launch new programs in coordination with external stakeholders, state environmental agencies and regulatory entities, and utilities to align with state climate and equity goals.
- Engage diverse industry stakeholders to collect and synthesize feedback for incorporation into future program design and development.
- Supervise two full-time staff, train six staff members, delegate appropriate tasks, foster career development, and serve as an advocate and mentor.
- Lead the agency-wide Diversity, Equity, and Inclusion external-facing working group to ensure MassCEC funding is accessible and provides measurable benefits to Environmental Justice populations in Massachusetts.
- Coordinate with senior leadership internally and at state environmental agencies to provide strategic recommendations, conduct industry stakeholder engagement, and draft applications for federal funding opportunities.
- Facilitate industry connections between community-based organizations, non-profits, technology providers, advocacy organizations, and state, federal, and utility funding opportunities.

Program Coordinator

June 2022 – March 2023

- Assemble diversity, equity, and inclusion best practices based on environmental justice advocate feedback to inform MassCEC-wide program development.
- Oversee 9 project meetings each month across 3 programs to advise project teams. Lead external stakeholder meetings on a consistent ad hoc basis.

Program Administrator

March 2020 – June 2022

- Draft and negotiate programmatic requirements for grantee and consultant contracts serving as liaison between legal and finance teams for MassCEC and grantee/consultant.
- Review, process, and track ongoing deliverables and invoices for 14 projects across 3 teams to ensure quality and contractual compliance.

Green Energy Consumers Alliance, Providence, RI; Drive Green Intern

September 2019-March 2020

- Executed outreach to vehicle dealerships and salespeople to promote the Drive Green Program, provide customer service to program participants, and research electric vehicle policy and environmental justice considerations.

CONFERENCES AND SPEAKING EXPERIENCE

- Southern New England American Planning Association Conference October 2022
 - Panelist: “Zero Transportation Emissions: Bold Goals and Short Timelines”
- AltWheels Fleet Day October 2020-2023
- Forth Roadmap Conference May 2023

EDUCATION

Colgate University, Hamilton, NY

Bachelor of Arts, Environmental Studies; Minor in Women’s Studies

August 2015 - May 2019

Magna Cum Laude
