**Marisa Bayer, she/her, Sustainability Manager**

Marisa Bayer is the Sustainability Manager for the City of Edina where she advances strategic efforts to reduce greenhouse gas emission and address climate change. She focuses on incorporating community and data-driven decisions through facilitation, data and spatial analysis, and stakeholder engagement. Before joining the City of Edina, Marisa oversaw community planning and program implementation at the Twin Cities nonprofit Center for Energy and Environment and was the Community Development Coordinator for the City of Eden Prairie, MN.

**Matthew Gabb, they/them, Sustainability Specialist**

Matthew Gabb is the Sustainability Specialist for the City of Edina where they focus on implementing Edina's Climate Action Plan. This includes securing more than \$1.3 million in federal and state grants in 2023, administering Edina's community cost-share program, and collaborating with various City departments and divisions. Matthew has a master's degree in urban planning from the University of Minnesota, and previously served in AmeriCorps, authored Olmsted County, Minnesota's first-ever food security assessment, and managed over \$3 million in federal research grants at the University of Minnesota's Institute on the Environment.
