Dear Karie Kirschbaum and the City of Crookston Economic Development Authority,

On behalf of the University of Minnesota Crookston, I am writing to express our support in your efforts to secure funding from the Minnesota Pollution Control Agency's (MPCA) Climate Pollution Reduction Grant Program. This grant has the ability to improve our community and the lives of our residents, and it presents an excellent opportunity to advance our shared goals. We are eager to collaborate with you to ensure its success.

UMN Crookston will provide support to your grant application process and, if awarded, to actively participate in the implementation and execution of the funded initiatives. We bring a wealth of resources, expertise, and excitement to the table that will complement your organization's strengths and enhance the project's impact.

We are committed to being a partner in this process and excited about the opportunity to collaborate with you on this important initiative. We look forward to the positive impact we will achieve together.

Thank you for the opportunity to be part of this endeavor. Please do not hesitate to reach out if you require any further assistance or support.

Sincerely,

Mary Holz-Clause
Chancellor
