

Applicant Information: North Dakota Association of Soil Conservation Districts

Primary Contact: Rhonda Kelsch

Phone Number: 701-223-8518

Email Address: Rhonda@lincolnoakes.com

Type of Application: Individual Applicant Lead with a coalition

Lead Applicant with the North Dakota State Soil Conservation Committee Coalition: Names sub awardee to the 54 Soil Conservation Districts along with an equity partner.

Funding Request: \$33,586,404

Application Title: North Dakota Tree Planting Initiative

Brief Description of GHG Measures:

The North Dakota Tree Planting Initiative measures include tree and shrub establishment for conservation implementation. Landowners will be able to apply for tree establishment encompassing the whole state of North Dakota and Tribal Territories. The North Dakota Soil Conservation Districts are also looking to upgrade their coolers to make them more energy efficient.

Estimated cumulative GHG reductions from 2025-2030 in metric tons: 19,400

Estimated cumulative GHG reductions from 2025-2050 in metric tons: 105,622

Locations: All counties of North Dakota with priority in ND Tribal Reservations
All of North Dakota

Applicable Priority Climate Action Plan (PCAP) on which measures were based

PCAP Lead Organization: North Department of Environmental Quality

PCAP Title: North Dakota Tree Planting Initiative
