Honorable Administrator Michael S. Regan
U. S. Environmental Protection Agency
Mail Code 1101A
1200 Pennsylvania Avenue NW
Washington, DC 20460

Dear Honorable Administrator Regan,

La Posta Band of Mission Indians would like to express its commitment to continue its partnership in the San Diego County Tribal Collaborative (SDTC) for the Climate Pollution Reduction Grant (CPRG) for implementing the GHG emissions reduction measures identified in the Priority Climate Action Plan (PCAP). We are excited to continue this important effort and leverage our collective skills and experience to strengthen this Tribal consortium.

The La Posta Band of Mission Indians has a long history of stewardship of the land. We have a deep understanding of the importance of protecting our natural resources and we are committed to doing our part to address climate change. The CPRG implementation funding will allow the Tribe to continue its efforts to reduce our GHG emissions, including investing in renewable energy and carbon sequestration.

We are committed to continue working collaboratively with other members of the consortium to implement the emissions reduction measures efficiently and to the benefit of the Tribal community. We are excited to continue our part of this important effort and look forward to working alongside the members of the SDTC to make a difference.

Sincerely,

Anne Turcotte
La Posta Environmental Director
