Re: Letter of Commitment to the San Diego Tribal Collaborative (SDTC) Tribal Consortium

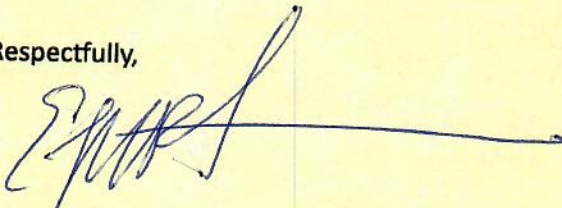

Dear Honorable Administrator Regan,

Jamul Indian Village of California is committed to continuing its partnership in the SDTC for the Climate Pollution Reduction Grant for implementation of GHG emission reduction measures. This Tribal consortium includes the Jamul Indian Village of California, Pala Band of Mission Indians, Viejas Band of Kumeyaay Indians, and La Posta Band of Mission Indians. Together, the SDTC jointly developed its Priority Climate Action Plan (PCAP) that included important actions to reduce GHG emissions and harmful air pollutants, foster economic development, and strengthen energy security of the Jamul Indian Village of California.

We appreciate the opportunity to participate in this application process and look forward to the outcomes and benefits this project will have to reduce GHG emissions for the future generation.

If you have any questions concerning this letter of the SDTC CPRG Implementation Grant Application please contact Syndi Smallwood, Jamul Indian Village of California Environmental Director at (619) 733-0224 or by email at [ssmallwood@jiv-nsn.gov](mailto:ssmallwood@jiv-nsn.gov)

Respectfully,

Erica M. Pinto  
Chairwoman  
Jamul Indian Village of California
