

John F. Krueger

PO Box 275
Mt. Wolf, PA 17347
(717) 903-4394

CAREER GOAL: To apply my training, knowledge and work experience to solve current environmental issues through the wise use of our limited resources.

EDUCATION: The Pennsylvania State University
B.S. in Environmental Resource Management
Grade Point Average 3.40/4.00

PROFESSIONAL EXPERIENCE:

Nov. 2015 **Assistant Bureau Director**
Bureau of Air Quality

I oversee the Bureau's spend plan, federal grants, personnel actions and all travel and training requests. I track and comment on all proposed regulatory packages and all advisory committee meeting agendas and presentations. I am the liaison for the Philadelphia and Allegheny County air quality programs, the Right to Know program and the Information Technology staff. I manage the Program's compliance and emission data systems and the Bureau's clerical and administrative staff.

2002-2015 **Program Manager**
Waste Management Program 2002 - 2007
Environmental Cleanup and Brownfield Program 2007 - 2015
Radiation Protection Program 2009 - 2010 (Acting)

With a team of Section Chiefs and Supervisors I managed a wide variety of environmental professionals in each of these Programs. With them we issued permits, conducted inspections, took enforcement actions, granted environmental relief of liability, investigated and managed hazardous sites and ensured the public's safety. During this period, I also managed the SCRO's mentoring program for staff new to the Region.

1995-2002 **Operations Chief**
Air Quality Program

I supervised four District Supervisors, two Compliance Specialists and an Environmental Chemist. I developed and implemented regional inspection strategy and procedures. I established regional training and public outreach programs. I ensured consistency in the implementation of Department rules and regulations. I participated in the planning and negotiation of enforcement efforts. I conducted employee performance reviews, interviewed and recommended candidates for vacancies, trained new employees and led staff meetings.

- 1993-1995 District Supervisor**
Air Quality Program
 I assigned compliance monitoring, permit, complaint and asbestos inspections. I reviewed reports prepared by staff for technical accuracy, effective communication, quality and policy conformance. I monitored the completion of assigned work and appropriate follow-up action. I provided guidance to staff concerning technical and procedural matters. I participated in the planning and negotiation of enforcement actions.
- 1989-1993 Air Quality Specialist**
Air Quality Program
 I conducted compliance monitoring, permit, complaint and asbestos inspections. I planned, negotiated and authored enforcement actions including Consent Assessments, Consent Order and Agreements, as well as summary proceedings. I also collected information for and maintained electronic air quality emission inventories.
- 1988-1989 Environmental Planner**
A.D. Marble & Company
 I collected, interpreted and compiled various types of environmental information (socioeconomic, land use, water quality, etc.) for inclusion in environmental clearance documents. As a result of professional training, I was solely responsible for road noise measurement, computer modeling and analysis done for the PA Department of Transportation and the PA Turnpike Commission. I was also involved in the field identification and assessment of wetlands required for the U.S. Army Corps of Engineers and PA DER permitting.
- 1987 Intern**
Scenic Rivers Program
Pennsylvania Department of Environmental Resources
 I collected data and prepared resource inventory documents, conducted field assessments and research on waterways, and gave informational presentations at public gatherings.

INTERESTS: Running, lifting, hiking and church and community service with the Susquehanna Lions Club.
