- Data Analysis Certificate, University of Richmond
- Locally Administered Projects Qualification Program, VDOT

*Myles deftly manages transportation projects, stakeholders, and funding.*

## Myles Busching, MURP

Director of Transportation, PlanRVA

### RELEVANT EXPERIENCE

Myles is a leader in transportation policy and administration, with a Masters in Urban Planning and 8 years of experience in transportation planning. Currently serving as the Director of Transportation at PlanRVA in Richmond, VA, he shapes the policy and work program of the Richmond Regional Transportation Planning Organization (RRTPO) through adept cooperation and consensus building with locality staff and elected officials. He manages the short-range transportation planning process which focuses on selecting projects to receive federal transportation funding and ensuring those projects are authorized to move forward toward implementation. He has overseen multi-million dollar programs, and has expertise in grant administration, capital budgeting, GIS, and transportation planning.

### PROJECT EXPERIENCE

#### *Transportation*

#### **Director of Transportation, PlanRVA, 09/2023–Present**

Crafts policy and work program of the Richmond Regional Transportation Planning Organization (RRTPO) through cooperation and consensus building with locality staff and elected officials; Leads agenda development, board discussion for the RRTPO policy board, technical advisory committee, and citizen transportation advisory committee; Represents the RRTPO with state and federal partners, regional advocates, and media; Manages a team of seven (7) with four (4) direct reports and engages with other divisions and external consultants as needed to deliver projects in work program.

#### **Deputy Director of Transportation, PlanRVA, 07/2023–09/2023**

Led technical and administrative staff to deliver the US \$3.4M annual Unified Planning Work Program (UPWP) and annual Central Virginia Transportation Authority (CVTA) work program; ensured MPO compliance with state and

federal program requirements through close coordination with local, state, and federal partners.

### **Planning Manager, PlanRVA 07/2021–06/2023**

Managed short-term transportation planning team responsible for annual project prioritization and programming of US \$35M in state and federal funds and biennial process for US \$160M in Central Virginia Transportation Authority regional funds; Directed development and maintenance of the FY21 –FY24 and FY24 –FY27 Transportation Improvement Program; Designed and coded the backend, frontend, and database schema of the TIP website Coordinated with environmental planners to develop a raster-based green infrastructure model for environmental impact screening and rural road flood risk analysis.

### **Planner II, PlanRVA, 08/2019–06/2021**

Led update and modernization of regional project selection and allocation guidelines for STBG, CMAQ, CRP and TA Set-Aside funding Developed project evaluation, prioritization, and financial plan for ConnectRVA 2045, the regional Long-Range Transportation Plan; Oversaw two successful Smart Scale rounds with over US \$102M in funding awarded to MPO or regional planning district projects; guided an update of the TPO engagement plan to serve as a general framework for on-going efforts to increase public involvement.

### **Charles City County, VA, 12/2017–07/2019**

*Planner/Assistant Zoning Administrator.* Led all development review and planning efforts, including representing the county at the metropolitan planning organization and other regional organizations; developed the first and (to-date) only successful county grant application for the Smart Scale transportation funding program; served on the procurement review team, responsible for developing requests for Proposals (RFPs), evaluating submissions, and conducting contract negotiations.

### **Fauquier County, Warrenton, VA, 10/2016 – 11/2017**

*Planner I.* Guided residents through permitting process and reviewed plans and permit requests for consistency with county ordinances and regulations; prepared and presented staff recommendations for quasi-judicial special permits to the Board of Zoning Appeals, and discretionary Special Exceptions for the Planning Commission and Board of Supervisors; led GIS efforts within planning division, including analysis of rural development potential and initial development of a web-based permit tool for staff and public use.
