San Diego, CA 92101

Subject: Letter of Commitment for the San Diego Association of Government's Application to the U.S. Environmental Protection Agency's Climate Pollution Reduction Grant Program

Dear Ms. Clementson:

San Diego Community Power ("SDCP") is providing this letter of commitment to the San Diego Association of Government's ("SANDAG") Climate Pollution Reduction Grant ("CPRG") Program Phase II application for the "Decarbonizing the San Diego Region" Project ("Project"). SDCP is a regional Community Choice Aggregator that serves over 1 million customer accounts in San Diego County.

SDCP, through its partnership with the County of San Diego ("County") to offer energy programs throughout San Diego County, is committed to pursuing this joint Project and operating programs that will increase onsite clean energy supply in residential buildings, support the transition to electric equipment in homes, and reduce greenhouse gas emissions from buildings. This Project is in line with SDCP and the County's joint mission to assist communities in adopting clean, reliable energy through community-driven solutions that contribute to local, state, and federal climate goals. This commitment encompasses the implementation of the regional building electrification and residential solar and energy storage programs identified in the San Diego Regional Priority Climate Action Plan under greenhouse gas reduction measures B.2 "Electrify Buildings" and CE.1 "Increase Solar and Energy Storage."

We look forward to participating in this Project, which will accelerate decarbonization in the San Diego region. Thank you for your time and consideration.

Sincerely,

A handwritten signature in black ink that reads "Jack Clark".

Jack Clark
Chief Operating Officer
San Diego Community Power
