Madison, WI 53703

Subject: Oneida Letter of Support

Dear Ms. Redmond:

Oneida Nation is pleased to support the general application to the U.S. Environmental Protection Agency's Climate Pollution Reduction Grants Program: Implementation Grants (EPA-R-OAR-CPRGI-23-07) that is being prepared by the State of Wisconsin Department of Administration through the Wisconsin Office of Sustainability and Clean Energy (OSCE). Oneida Nation endorses OSCE's efforts to reduce greenhouse gas (GHG) emissions through implementing measures in the Wisconsin Emissions Reduction Roadmap.

During the grant timeline, Oneida Nation will work closely with the WI OSCE to further develop and deliver programs that reduce greenhouse gas emissions. Oneida Nation has been a partner with OSCE for many years. Some of our collaborations in the past and present include the Wisconsin Clean Energy Plan and the Climate Action Navigators network. Oneida Nation is committed to generational progress toward a cleaner energy future and a climate that works. As a member of the Midwest Tribal Energy Resources Association, it is our responsibility to work with Tribal and non-Tribal organizations as a single unit to accomplish great things. The carbon emission measures described in the Roadmap will assist in this effort.

Given Wisconsin's proven success in implementing equitable climate policies, we have confidence in the OSCE's ability to develop and achieve the objectives laid out in the application and believe they will lead to important emissions reductions while mobilizing collective power to address historic injustice, create new jobs, and spur transformative climate action.

We are enthusiastic about partnering with the State of Wisconsin to advance the goals of the U.S. Environmental Protection Agency through this pivotal program.

Sincerely,

Tehassi tasi Hill  
Oneida Nation Chairman
